

Workplace Health, Safety & Environmental Policy

LALA Company Operational Guidelines and Compliance Manual

1. Statement of Intent

LALA Company is committed to providing a safe, healthy, and sustainable working environment for all employees, contractors, and visitors. We recognize that operational excellence goes hand in hand with robust health and safety practices, alongside a firm commitment to environmental stewardship.

2. Workplace Health & Safety Standards

Ergonomics and Physical Well-being

- All workstation setups must adhere to ergonomic guidelines. Employees are encouraged to request assessments through Human Resources.
- Regular breaks from screen time are mandated under the 20-20-20 rule (every 20 minutes, look at something 20 feet away for 20 seconds).

Incident Reporting

- Any hazard, near-miss, or workplace injury must be reported immediately using the internal digital reporting portal.
- The designated Health & Safety Lead **& Person** will review all reported incidents within 24 hours.

3. Emergency Protocols

In the event of an emergency, all personnel must remain calm and follow established procedures.

Emergency Contact Directory

Role	Contact Name	Contact Information
Primary Safety Officer	👤 Person	Internal Ext. 101
Alternate Safety Officer	👤 Person	Internal Ext. 102
Designated First Aid Officer	👤 Person	Internal Ext. 103
Local Emergency Services	Dispatch	911

Evacuation Plan

1. **Alarm Activation:** Upon hearing the continuous fire alarm, immediately cease work operations.
2. **Evacuation:** Exit the building using the nearest marked emergency exit. Do not use elevators.
3. **Assembly Point:** Proceed directly to the designated assembly area located at 📍 Place .
4. **Roll Call:** Report to the Safety Officer for attendance verification. Do not re-enter the building until clear instructions are given.

4. Environmental & Paperless Initiatives

LALA Company is committed to reducing its environmental footprint through operational sustainability and digital-first practices.

Paperless Operational Standard

- **Digital Documentation:** All administrative, HR, and operational forms must be managed digitally. Physical printing is disabled by default across corporate network printers.
- **Document Approvals:** E-signatures must be utilized for all legal contracts, vendor agreements, and internal approvals.
- **Meeting Workflows:** Meetings must be conducted paperless. Agendas, presentations, and supporting files should be shared digitally prior to scheduled events.

Resource Conservation

- **Energy Reduction:** Motion sensors control office lighting. Employees are expected to power down non-essential equipment at the end of each workday.
- **Waste Management:** Multi-stream recycling and composting stations are provided in all common areas. Disposal of e-waste must be coordinated through the IT Department.

5. Policy Review and Governance

This policy is maintained by the Environmental Health and Safety (EHS) Committee and undergoes formal review annually.
